

1. The OECD is issuing this Call for Tenders towards purchasing, on behalf of the International Energy Agency, a peer-review solution from a provider that will improve current performance, functionalities, security and support, taking into account the feasibility and benefits of migrating this business critical activity to a different provider.

The deadline for the receipt of Tenders is March 19, 2021, 8:00 PM (UTC +1)

The OECD will use its e-Sourcing portal « [Bravo Solution](https://oecd.bravosolution.com) » to conduct this procurement process. Interested candidates should register on the e-Sourcing portal in order to access the associated documents and further information.

Instructions on how to register on the e-Sourcing portal can be found using the following link and accessing the “Supplier Guide” on the homepage.

2. The OECD is issuing this Call for Tenders towards engaging, on behalf of the International Energy Agency (IEA), one or several intellectual service/data providers to support the IEA’s expanding portfolio of work on climate mitigation scenarios and their implications for the interactions between the energy system and sustainable development goals.

This Call for Tender is divided into two Lots:

Lot 1 – Modelling air pollution and associated health impacts based on World Energy Outlook (WEO) scenarios

Lot 2 – Modelling GHG emissions from AFOLU based on WEO scenarios

The deadline for the receipt of Tenders is March 26, 2021, 8:00 PM (UTC +1)

The OECD will use its e-Sourcing portal « [Bravo Solution](https://oecd.bravosolution.com) » to conduct this procurement process. Interested candidates should register on the e-Sourcing portal in order to access the associated documents and further information.

Instructions on how to register on the e-Sourcing portal can be found using the following link and accessing the “Supplier Guide” on the homepage.
